

Save-T® Pool Covers

1-800-447-2838 | www.coverpools.com

Solar Heat

Acting as a solar collector, the Save-T cover extends the swimming season.

Evaporation Control

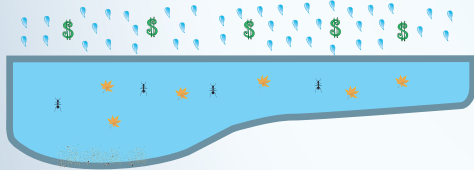

A Save-T cover reduces the evaporation of water, heat and chemicals and saves up to 70% on operating costs.

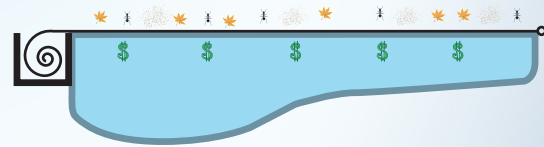

Winter Cover

Solid vinyl covers can be used year round to keep pools cleaner, to save chemicals and to extend the swimming season.

A Save-T® automatic pool cover is the most convenient way to keep a pool covered and reduce water evaporation and heat loss.

WITHOUT A SOLID POOL COVER

WITH A SOLID POOL COVER

- Reduce water evaporation and heat loss with a pool cover.
- Save chemicals with a pool cover.
- Save money on energy and operating costs with a pool cover.
- Increase the life of your pool equipment with a pool cover.
