

# *Automatic Pool Covers, Inc.*

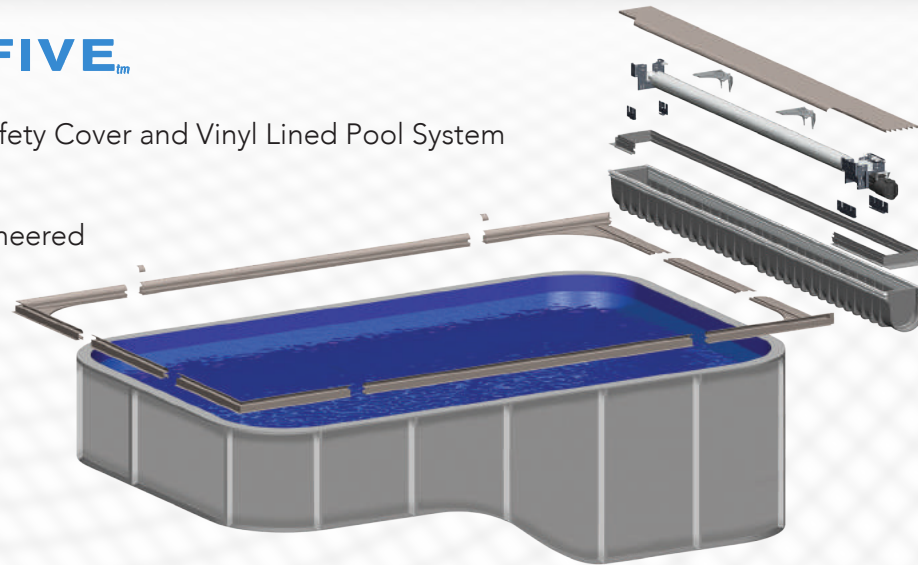

Doing it differently.

# Quality Products... Quality Relationships.

- A High Performance Automatic Safety Cover and Vinyl Lined Pool System
- Easy to order, Easy to install
- The most complete and best engineered automatic pool cover solution
- Slide-on polybox **saves hours** of valuable time
- PowerTouch® Controller secures the pool in only 45 seconds

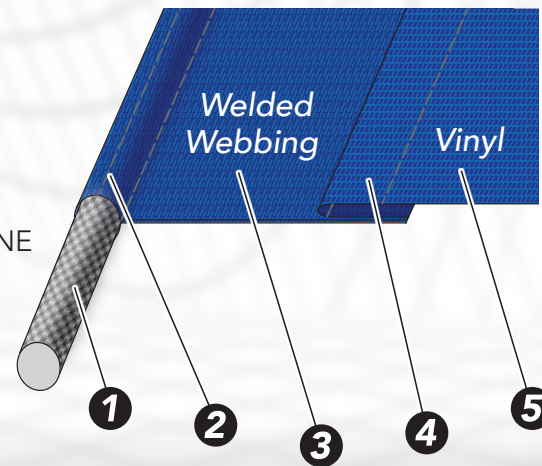

## POWERTOUCH™ ETL

- **ETL** Tool-less Electronic Torque Limiter
- Adjust torque **from the touchpad**...no lifting lids or stones
- Service code eliminates the need for keys
- Standard with every system - No additional charge
- More reliable than mechanical torque limiters
- Proven to eliminate stress on ropes, drive components, and more

## Ropes & Hybrid Welded Webbing

- 1 Invis-A-Rope™ - Introduced in 2008 as the industry's first un-noticeable high-performance rope
- 2 With a **proprietary manufacturing process**, rope & webbing become ONE
- 3 Welded for strength, color matched for a clean look
- 4 Hybrid manufacturing process prevents catastrophic pool damage
- 5 Time tested vinyl with industry's longest-life color formula

**Michael Shebek Jr.**  
President 2000 - Present  
**Michael Shebek Sr.**  
President 1978 - 2000
